Perceptions
Bullying &
harassment

Build an open, honest and transparent culture, where people feel psychologically safe to raise ideas, concerns or issues.
Confidentiality is crucial.

FUTILITY

What is the point of raising, nothing will get done about it

Set and communicate clear expectations of how the organisation will handle any raised issues. Make it lead to change. Where possible share learnings and successes.

FUNCTION

How do I raise something - anonymously or otherwise?

Communicate how people can raise issues with you. Have multiple publicised routes - FTSU Guardian or two-way anonymous conversations.

FOLLOW-UP

Nothing is being done, I haven't heard anything back

Follow up, follow through, grasp learnings and thank raiser.

Implement measures for improvement and publicise these.
